LOS ANGELES
DISTRIBUTING

2023 marks the 12-year anniversary of Los Angeles Distributing supplying healthier snacks and beverages to the best retailers in Southern California! We are extremely proud of our team, customers and brand partners that have afforded us this opportunity to serve you.

Our hard-earned reputation will always revolve around quality relationships, in-demand brands, and unmatched customer service. Our customer partnerships allow us to act as your in-house innovation consultants that help you separate short term fads from long term trends. Our brand portfolio allows our retailers to provide consumers with an elevated experience.

We are also very proud to announce that we have added an expanded alcohol program to our current product offerings! As with every brand that we distribute, we invested months of due diligence to ensure that every brewery and distillery partner met our requirements from an ingredient, processing, and company culture perspective. Our award winning brewers and distillers represent some of the most sought after brands in the country. We invite you to ask your sales representative for more information. Samples are available upon request.

"If you want to go fast, go alone. If you want to go far, go together"

In closing, we'd like to thank our amazing LAD family of employees for helping us build this incredible company that we are so very proud to represent. We are also forever grateful for our customers and vendor partners for the years of support and collaboration.

BRILLANTE

TEHUACÁN

A NATURAL
CHILL

SPARKLING NATURAL
MINERAL WATER

Tehuacan [tewa'kan] Brillante is sourced from the glacier-fed springs of Citlaltepetl, Mexico's highest peak, where it's naturally mineralized during an eight-year journey through the mountain's rich volcanic rock. Tehuacan Brillante is infused with effervescence and bottled in the Valley of Tehuacan, where the legend of its calming waters was born.

SERVE AMERICA'S BEST SPRING WATER

Source, minerality, pH balance, authenticity, sustainability and history. These terms define a philosophy and nutritional balance in quality food and beverages; including the water you serve.

At The Mountain Valley, we pride ourselves on truth, integrity, and pure American spring water. Rising naturally from a spring in the Ouachita mountains, our spring water filters through granite-based aquifers collecting all the goodness from the land. The result is water that is sodium-free with a naturally high, detoxifying 7.8 pH and rich blend of calcium and potassium. Bottled in glass to preserve the quality and taste.

We have been America's choice of premium spring water since 1871 and named "Best Tasting Water in the World" four times.

Serve the pure, domestic, unprocessed bottled water that shares your ethos and commitment to quality.

Making a Difference in our Communities!

The World Doesn't Need Another Bag of Chips!

What the world does need are companies and people who give a darn about doing the right thing... about making the world fairer... about helping those less fortunate... about making a difference now when people are in need.

Chipping in & giving back

Community Snacks is committed to making a difference in our communities now by donating 10% of our profits to worthy charities. Considering today's economic environment our goal for 2022 and 2023 is to feed 250,000 meals to those in need by working with local food banks. What could have a bigger impact on our community than making sure our neighbors don't go hungry.

What if we all chipped in?

Every time you sell a bag of Community Snacks you are helping us make a difference. Every time you sell a bag of our chips you are helping to feed a neighbor, a friend, a loved one. Every time you sell our chips you are **Chipping In & Giving Back**.

Oh, and by the way...

87%

87% of consumers will purchase a product because a company advocated for an issue they care about.

91%

91% of Millennials are more likely to switch brands for a cause close to their heart

And most importantly it's the right thing to do!

WHY RUSTY'S CHIPS?

Rusty's chips are truly the only all natural handmade potato chip you will ever have. We slice our fresh bakersfield potatoes by hand one at a time in a small vegetable slicer. Then we slow cook the unprocessed slices in expellor

pressed safflower oil. After slow cooking the slices we remove them from this very fine and expensive oil and gently salt our chips with French Mediterranean sun dried evaporated sea salt.
